

2027 Winter Park Ski-Music Festival (WPSMF)

Registration Form Agreement (page 1 of 6)

Registering Music Groups agree to review and understand all WPSMF information and agree to fulfill all WPSMF trip planning and payment deadlines before registering to attend.

2027 WPSMF Information: Any music director, school administrator and/or travel planner executing the **2027 WPSMF Registration Form**, attached to this agreement, are signing to have read, understand, and agree to all terms, policies, conditions, notices, deadlines and information provided within [WPSMF Ski Locker](https://winterparkskimusicfestival.com/skilocker) (<https://winterparkskimusicfestival.com/skilocker>) before registering a music group to attend. For convenience, the most financially sensitive and trip planning sensitive information & deadlines are summarized within this **2027 Winter Park Ski-Music Festival Registration Form Agreement**. Any questions, concerns, or challenges a group director or trip organizer has with the information listed within WPSMF Ski Locker and/or this agreement, must consult with WPSMF before registering.

Before Registering for the 2027 WPSMF:

Confirm WPSMF can accommodate your music group

Before a music group registers for the 2027 WPSMF, **the music director, or the authorized travel planner must first contact WPSMF to confirm whether the music group's desired lodging choice is available during the festival week the music group wishes to attend, and whether the desired lodging facility can accommodate the music group's number of committed travelers during the overnights being planned.** If WPSMF confirms overnight lodging is available as requested by the music group, the music group can then immediately register with the specific festival package choice (lodging choice and nights) WPSMF is expecting from the music group. If WPSMF receives a music group's full registration in the mail (see following 2027 WPSMF Registration section) within 7 days after confirming available lodging with a music group, WPSMF will begin its 2027 planning for the group, as the group has registered for. If WPSMF does not receive full registration from the music group within 7 days, WPSMF may offer all or part of such previously discussed lodging availability to another music group intending to immediately register. A music group whose registration has been delayed beyond 7 days must re-confirm lodging availability with WPSMF before mailing their registration.

Implement a Trip Commitment Policy or Contract with your students and adults/chaperones

Signers of the Registration Form agree to consider implementing a **Trip Commitment Policy or Contract** with all traveling students and adults. This will lessen most music directors' challenges with trip planning, assist with meeting WPSMF & transportation payment deadlines, provide clear structure toward each group members' trip cost, out of pocket expenses, trip payment collection, cancellations & consequences, along with many other important music director benefits! If needed, request a sample from WPSMF.

Encourage or require the purchase of Travel Protection

A music group will likely plan and budget for WPSMF, transportation, meals and other known trip costs, before presenting a Winter Park trip to students and adults. Please consider any unforeseen events and circumstances that can occur with group members and even an entire music group, affecting their travel plans (before or during trip). These unknowns can create unexpected financial burdens. **Examples: An individual or entire group cannot attend the trip, when it is beyond published deadlines for cancelling, decreasing attendance counts, and/or the possibility to receive a refund. Also, weather or travel conditions may create a travel delay to or from Winter Park, possibly causing the need for unscheduled overnight accommodation or meals while enroute.** The presence of cancellation risks and potential travel risks, resulting in unwanted financial outcomes, exist. To lessen the impact of undesirable financial outcomes, registered music groups agree to investigate, consider, promote, and/or require the purchase of a travel protection plan purchase by all individual group travelers, to lessen financial risks. **Post departure** travel plans (with no trip cancellation benefit) can help provide financial protection against eligible trip interruption/delay, lost/damaged luggage & musical instruments, accidental medical expenses and more, and can be purchased by group members individually, for as little as \$10. Travel protection plans with the same benefits plus trip cancellation benefits (with or without "cancel for any reason") are also available for group members to individually purchase at a higher, but reasonable cost. Information about various travel plans and travel coverage is incredibly detailed, and too lengthy to include all within this agreement. If you would like the WPSMF staff to share our experience and limited knowledge about travel protection, please

2027 Winter Park Ski-Music Festival (WPSMF)

Registration Form Agreement (page 2 of 6)

contact the WPSMF staff. WPSMF can refer you to a reputable travel protection provider, with easier online plan purchases for your group travelers. **Keep in mind, if a group director wanted or required travelers to have "CFAR" cancel for any reason trip cancellation protection, these plans may require purchase within 14 days of an individual making their first trip payment/deposit. Non-CFAR cancellation plans require purchase prior to final trip payment. Post departure plans with no trip cancellation benefit can be purchased within 24 hours of trip departure.** A music group should include the purchase of individual travel protection plans as a component of your group's Trip Commitment Policy or Contract, and a component of each traveler's trip cost.

2027 WPSMF Registration:

- A music group's **Full Registration** to attend the 2027 Winter Park Ski-Music Festival is WPSMF receiving both: a music group's completed and fully executed 2-page **2027 Registration Form**, and the group's non-refundable **Registration Deposit** check.
- The **2027 Registration Form** is the last 2 pages of this document. The 2-page Registration Form can be printed, completed and mailed to WPSMF.
- The non-refundable **Registration Deposit** amount is a calculated amount, based on a music group's choice of overnight lodging, and the group's number of initial committed travelers (attendance count). These two factors (to be completed on the Registration Form) will be used to calculate the Registration Deposit amount.
- The WPSMF address to mail the Registration Form and the Registration Deposit is listed on the Registration Form itself.

Additional Registration Deposit when increasing number of committed travelers:

- Any time after fully registering, and a music group wishes to increase the number of committed travelers (for WPSMF to expand the overnight lodging accommodations being reserved), the music group agrees to first communicate such attendance increases with WPSMF, to determine whether additional lodging accommodations can be obtained for the group's increased number of travelers. If additional lodging can be obtained by WPSMF, and upon the request of WPSMF, the music group agrees to increase their Registration Deposit amount, by paying an additional non-refundable Registration Deposit. The additional deposit amount will be calculated the same as for the music group's already paid Registration Deposit, but for the increased number of travelers only.
- If a music group fails to notify WPSMF of an increased number of committed travelers, or fails to pay an additional Registration Deposit amount upon WPSMF's request, and the music group attempts to later increase their attendance count, music group agrees to understand WPSMF may not be able to provide enough overnight lodging, and ultimately cannot increase a music group's attendance count.

Two topics mentioned in the following deadlines/dates sections, that are best explained beforehand:

Registration Deposit Forfeitures

- Although WPSMF states Registration Deposits are non-refundable, a music group's Registration Deposit (including any additional Registration Deposits) is applied towards a music group's Total Festival Charges, as a payment amount.
- No Registration Deposit Forfeitures will occur when a music group has paid Registration Deposit amounts based on the number of travelers that ultimately attend the festival, and those attending travelers are registered participants receiving a full festival package.
- Registration Deposit Forfeitures will occur when a music group has paid Registration Deposit amounts based on a specific number of travelers, and that traveler count falls below the number of travelers that ultimately attend the festival, and those attending travelers are registered participants receiving a full festival package.
- The amount of a Registration Deposit Forfeiture will be the difference between the number of travelers Registration Deposits were paid for, and the number of travelers ultimately attending the festival, with this difference in travelers multiplied by the published Registration Deposit amount (associated with the lodging choice a group registered for). A forfeiture will be shown on a group's Billing Invoice as a festival charge. A forfeiture can be charged at any time there is a difference between travelers deposited for and expected to attend.
- All the above information and policy surrounding Registration Deposits and Registration Deposit forfeitures are for every traveler, regardless of the number of complimentary festival packages WPSMF provides.

2027 Winter Park Ski-Music Festival (WPSMF)

Registration Form Agreement (page 3 of 6)

Two topics mentioned in the following deadlines/dates sections continued

Payments

- It is agreed that all scheduled payments are to be made by the music group, group's school/district or boosters. Payments to WPSMF are to be made through: cashier's checks, checks drawn against a bank account, ACH transactions, or bank to bank-wired funds only. All WPSMF published prices are based on these listed types and forms of payment only. If a music group, group's school/district, or boosters must pay by a credit card, or any other WPSMF approved method with transactional or processing fees, those fees will be charged to the group and paid additionally by group.
- If a music group wishes for its individual students and adults to pay trip cost directly, without the director, school or boosters collecting and combining these individual payments into single payments made by group, WPSMF can direct/refer a music group to other travel organizers who offer this collection service, for a music group to consider using.

Dates and Deadlines: Registration Form signers agree to understand and follow what items, information and payments are expected to be provided to WPSMF by the respective deadlines.

May 2026- October 16, 2026

Non-registered Music Groups:

- If WPSMF has previously confirmed lodging availability for an **unregistered** music group's desired lodging choice, during a specific festival week, while no other music groups have since requested/registered for the same, WPSMF may continue to accept a music group's registration through October 16, based on the lodging availability previously confirmed or held. However, within days after October 16, WPSMF will be required to relinquish any undeposited/temporary lodging holds WPSMF may have created with a lodging provider. Therefore, any lodging availability and holds will be canceled by WPSMF for unregistered music groups after October 16, requiring new overnight lodging planning between WPSMF and music group. Contact WPSMF if a full registration cannot be sent and received by WPSMF on or before October 16, to determine if the same desired lodging choice, or another lodging alternative, could be provided for your group after October 16.
- **Any music group can register for the 2027 WPSMF after October 16, 2026, by contacting WPSMF to determine what lodging choices are available. A group must be prepared to immediately register with a Registration Deposit when registering after October 16, 2026.**

December 1, 2026

Receive instructions about how to use and access WPSMF Online

- By December 1st, WPSMF will provide each music director and/or trip organizer with a registered music group, instructions for accessing and using **WPSMF Online**. **WPSMF Online will be used by each music director to:**
 - Submit the required online December Questionnaire (December 17 deadline)
 - Input a music group's individual group members' names (January 15 deadline), so all group travelers can individually register online (February 15 deadline).
 - Completing the online rooming list and performance information (February 15 deadline)
 - View a group's online billing invoices, participants' information, rooming lists, music performance information, and a Trip Info Report.

2027 Winter Park Ski-Music Festival

Registration Form Agreement (page 4 of 6)

December 17, 2026

Complete and submit the December Questionnaire through WPSMF Online

- As stated above, instructions for accessing and using **WPSMF Online** will be provided to each music director and/or trip organizer by December 1, 2026. After a director or trip planner logs into WPSMF Online, there is an upper menu item titled **December Questionnaire**. Directors and/or trip organizers must fully complete and submit their group's online **December Questionnaire** by **December 17, 2026**. The person(s) completing/submitting the online questionnaire should be prepared to answer/provide the following:
 - revised attendance count from any previously provided attendance count WPSMF has recorded. This December attendance revision will be used for calculating the 1st ½ payment billing invoice and more.
 - confirmation or revision of **dates and times** a group will arrive in, and depart from Winter Park
 - revise performing ensembles (as previously provided to WPSMF within music group's registration form) and provide the ensemble name and director name(s) of each performing ensemble.
 - request for optional, added cost lodging meals, if a lodging facility offers, and a group desires these. This is typically for groups staying overnight at Snow Mountain Ranch Lodge Rooms or Winter Park Resort.
 - request for optional, added cost Winter Park Resort meal vouchers (prepaid, reduced cost, resort meal vouchers, used by many music groups for lunches at the resort, if desired).
 - bus driver overnight lodging details if a music group is responsible for providing driver(s) overnight lodging.
 - very important lodging unit details to fine tune a group's overnight lodging reservation. ***For groups staying in condos or lodge rooms, the festival must receive: the number of male students, female students, male adults, female adults, and any other children that make up the total attendance count number, and how each of these persons will be assigned to lodging units. Directors will need to have already determined how chaperones/adults plan to share lodging units or bedrooms with other adults, or students, before completing the questionnaire.*** A fully prepared rooming list is not needed at this time, but could be provided if already created, to explain more easily.
- All information provided by a music group, within a group's December Questionnaire, will be used over the holiday break by the WPSMF staff, to continue more detailed planning/scheduling with WPSMF providers, including overnight lodging reservations, scheduling of ski equipment rentals, ticketing, beginner lessons, performances, adjudicator schedules, and more. Without complete and accurate questionnaire responses from a group by the December 17th deadline date, other compliant music groups will receive priority for overnight lodging requests, and all festival scheduling.
- After the festival receives a group's completed December Questionnaire by December 17th, and after the festival has input the group's questionnaire responses, the festival will notify the director/trip organizer to view/print their **First ½ Payment Billing Invoice** from within **WPSMF Online**. ***If a music group needs their 1st ½ payment amount earlier than mid-December, to have a payment check requested, processed, and mailed from their school district, or boosters, for WPSMF to receive a payment check by the January 15th First Payment Due Date, the director must contact the festival anytime within November or early December to request a manually created billing invoice to pay from!***

January 8, 2027, a week before the 1st ½ Payment and 1st Payment Attendance Count due date.

- Suggested deadline for music directors to receive final trip payments from their traveling students and adults. While the festival only requires a ½ payment by the January 15th due date (a week after the director collects and organizes payments), having all group members paid in full, allows a director to know exactly how many persons should be attending, and with better confidence, make any attendance count changes before the WPSMF's January 15th **First Payment Attendance Count** revision deadline. *Directors: Make your life less challenging, and do not include in your January 15th First Payment Attendance Count any unpaid or partially paid students and adults. A challenging situation will surely follow if a member cannot fulfill their trip payment obligation. Reporting only fully paid travelers will virtually eliminate any potential attendance decrease penalties in February. If a member promises to pay in full later, add them later! The only downside to requesting additional members later is the festival might not have enough lodging availability, or the late registration of a group member will not have all recreation choices available to them after February 28th.*
- If a music director suggests, desires, or demands for their travelers to purchase non-CFAR travel cancellation protection plan, keep in mind this protection plan typically requires its purchase before an individual makes their final trip payment.

2027 Winter Park Ski-Music Festival

Registration Form Agreement (page 5 of 6)

January 15, 2027 Deadline for all the following:

- **First ½ Payment Due Date.** ½ of the total festival charges (less previously paid deposits), as shown on the billing invoice within WPSMF Online, must be **received within WPSMF office**, *on or before* January 15, 2027, to avoid late payment penalties and cancellation consequences.
- Deadline to revise a group's **First Payment Attendance Count** with WPSMF, regardless of the payment amount already mailed, or received by WPSMF.
- **Deadline to cancel an entire group's festival attendance** with WPSMF, to be refunded any prior payments (excluding the non-refundable Registration Deposit(s)).
- **Deadline to have all trip members' names input within WPSMF Online** by director/ trip organizer **and print & distribute each student's and adult's online registration login credentials** (see the instructions when received on December 1st for how to input and print). With parents and adults having the login instructions in hand by January 15th, this will allow them one month to complete their own, or their child's individual online registration by February 15th. **Please do not shorten your members' online registration window by failing to meet this January 15th deadline! We suggest every music director to set an individual online registration deadline for their students and adults sooner than your February 15th deadline (listed below).**

February 15, 2027 Deadline for all the following:

- **Final Payment Due Date.** The remaining balance of the total festival charges, as shown on the billing invoice within WPSMF Online, must be **received within WPSMF office** *on or before* February 15, 2027, to avoid late payment charges and cancellation consequences.
- **Last date for any FINAL changes to a group's Attendance Count.** Attendance count decreases exceeding 10% of First Payment Attendance Count has financial penalties. There are NO attendance count decreases accepted after February 15th, only substituted travelers. Attendance count increases are subject to lodging and recreation related availability.
- **Due date for all trip members (students, adults, and directors) to submit their individual online registration.** Minor aged students must have a parent or legal guardian complete and execute the online registration, since the online registration contains a legal agreement to be executed by an adult. There is an immediate \$15 charge added to a group's billing invoice for every unregistered traveler beyond February 15, along with a \$15 charge for every unregistered traveler on February 28. Unregistered travelers, after February 28, will only be allowed to register for non-ski mountain activities as their only recreation choice, without the ability to choose skiing or snowboarding.
- **Last date for directors and trip organizers to complete their music group's online Rooming List, and online Performance & Equipment Request information** within WPSMF Online, without a late penalty charge.
- **Last date to request any CHANGES of any festival scheduling or trip data within the Trip Information Report**, found within WPSMF Online. Other groups will not be asked to reschedule their festival events, because another director failed to review, or discovered scheduling logistics/conflicts within their trip information by this date.

February 28, 2027

- The last day to substitute a festival attendee with another person (if required additional lodging spaces are available), add a late enrolled person (if required additional lodging spaces are available), and/or allow a pre-registered individual to revise their recreation choice; **ONLY** if the subject/affected person(s) can register or re-register online on or before February 28.

After February 28, 2027

- After February 28, any traveler revisions that can be accommodated, the music group will be charged an additional \$50 charge per person added/substituted/affected.
- After February 28, any newly added person, substituted person, or person wanting to revise their previously selected recreation choice, will only have the choice of non-ski and non-snowboard mountain activities available to them when registering online, and only non-ski mountain activity ticketing will be provided to them in Winter Park.

2027 Winter Park Ski-Music Festival

Registration Form Agreement (page 6 of 6)

4-6 weeks prior to attending the Winter Park Ski-Music Festival, not during your travel to Winter Park, or after arrival in Winter Park:

- The music director, 3rd party trip organizer, and/or group's trip planning adult(s) agree to again review all information and topics within **WPSMF Ski Locker** (<https://winterparkskimusicfestival.com/skilocker>) in advance of their trip. Within WPSMF Ski Locker, there are categorized sections. Each of these sections can be viewed and printed. Maps and PDF links within a category may require opening and printing separately. Bring a printed copy of the entire WPSMF Ski Locker, and all its maps to Winter Park, or be able to easily access from your laptop or phone!
- The music director, 3rd party trip planner/organizer, and/or group's trip planning adult(s) agree to read and review all information listed on their group's **Trip Info Report** (within WPSMF Online) in advance of their trip. Read and review everything printed on this report, including the notes and suggestions printed on many pages. The music director, travel planner/organizer or trip planning adults agree to ask WPSMF any questions they may have about their group's trip scheduling, lodging unit assignments, check-in/check-out dates for every lodging unit, driver lodging unit details (if arranged through the festival), performance, awards ceremony, equipment rentals, beginner lessons, and ticketing information/locations, well in advance of their trip.
- Despite all attending students, their parents, and adults being asked to "review and understand" selective festival topics when individually registering online for the festival, the music director, 3rd party trip organizer, and/or group's trip planning adult(s) agree to review these selected festival topics once again with all students, parents and attending adults, in a group setting or meeting, so all festival attendees will arrive in Winter Park best prepared for a successful trip.
- **Please understand WPSMF is proud to have the customer service reputation we work hard to earn. We are with each music group at every scheduled festival event, excluding some offsite equipment rentals and lodging check-ins. We thoroughly plan for each music group, and are with each group to assist, and handle any unforeseen challenges a group may encounter. It challenges our limited festival staff, and most importantly, interrupts the music groups we are currently with, when other group directors call or text panic questions when the answer has been available to them 6-8 months prior. Familiarize yourself with all the WPSMF information resources, and where you could quickly find answers to your immediate questions during your trip.**

Please keep a copy of this six-page Registration Form Agreement for future deadlines reference and more. No need to return these six pages back to festival.

Please complete the following two-page Registration Form and mail to the festival along with your group's Registration Deposit check.

Please call or email the festival with any questions you may have.

2027 Winter Park Ski-Music Festival Registration Form (page 2 of 2)

Planning your Winter Park arrival and departure dates and times

2027 days and times for Music Performances and Awards Ceremony/Street Dance at the WPSMF:

March 18-21, April 1-4 and April 8-11 festival weeks:

Instrumental performances (including color guards) can be scheduled for Thursday evenings, or Friday afternoons through early evenings. Choral performances can be scheduled Friday evenings. Awards ceremony and Street Dance will be held **Saturday** evenings 7:30 pm-9:00 pm. Pre-awards Street dance starts at 6:45 pm. Plan to be in Winter Park for both a performance evening and the awards ceremony evening.

March 24-28 (Good Friday and Easter Sunday) festival week:

Instrumental and choral performances can be scheduled for Wednesday evening or Thursday evening. Awards ceremony and Street Dance will be **Friday** evening 7:30 pm-9:00 pm. Pre-awards Street dance starts at 6:45 pm. Plan to be in Winter Park for both a performance evening and the awards ceremony evening. This week's schedule allows for music groups to return home prior to Easter Sunday if desired.

Arrival in Winter Park, and WPSMF's scheduling of your music group's recreation

Historically, most groups have planned to arrive in Winter Park in the morning, get ski equipment rentals, receive ticketing, and then have beginners in lessons, all in the same morning, or by noon. This was an advantageous schedule for groups to get the most recreation time during their trip, which we want each group to have. However, this created large concentrations of rentals and lessons during **Thursday and Friday** morning hours. **Because of ongoing labor supply challenges in Winter Park and the surrounding community, and increased visitor volume for the Winter Park Resort, WPSMF will be working months in advance, trying to coordinate all music group recreation schedules. Your below inputs will allow us to start planning your group's schedule earlier.**

The forever recommended itinerary for any music group, is to arrive in Winter Park the afternoon prior to your first recreation day, so ski/snowboard equipment rentals can be scheduled/received upon your arrival in Winter Park, say after 12:00 pm noon- 4:00 pm, and before your overnight lodging check-in. With rentals being received the day before, a group has a much less strenuous schedule at the Winter Park Resort the following morning, to receive ticketing, and beginner skiers/boarders being scheduled for lessons at the earliest morning lesson start time, or noon start time. And, with an overnight stay before recreating the following day, your travelers will be more adequately rested and have a safer mental and physical approach toward their recreational experience. Furthermore, arriving the day prior, and spending the night prior to your first recreation day, would likely improve your group members' music performance, with a better night sleep in your overnight lodging, vs. overnight in a motorcoach. Please consider having your 2,3 or 4-night package begin the day & night before your first day of recreation. Consider the cost of an additional night festival package, to allow this scheduling. **Or consider choosing to checkout of your lodging the morning of the awards, recreate at the resort that day, and depart Winter Park after the awards & street dance at 9:00 pm. This could allow your arrival in Winter Park a day earlier; with the same number of nights you budgeted for.**

We understand our music groups have travel parameters with the number of missed school days and may not be able to depart their school or hometown to arrive in Winter Park as suggested above. **Please be mindful that groups scheduled to arrive late evening, or early morning in Winter Park, especially on Thursday mornings, may be affected with slightly unfavorable equipment rental and beginner lesson scheduling. We may only be able to schedule your group's skiing/boarding for the last half of the first day, to accommodate all groups. We will do our best to schedule all groups the best we can, using the arrival date and time you list below. Having your and other music groups' info this far in advance helps, so we can schedule before any non-festival groups!**

With the above information being suggested, please indicate below which nights of the week your group plans to stay overnight in Winter Park, and day and times you expect to arrive and depart in Winter Park.

Please inform the festival if anything you list here were to later change for your group, because of transportation provider or other calendar influences.

Call the festival (866-625-6821) if we can help or suggest your best planning!

Nights of the week you expect to stay overnight in Winter Park, or have lodging available.
